

The Stats and Facts About Kidney Transplants

Kidney transplantation is an ideal treatment option, but the numbers reveal that demand is high and supply is low. If you are a person considering kidney transplant, it's important to understand the current statistics and facts. If you are thinking about becoming an organ donor, maybe the numbers below will help motivate your decision to donate life to a person in need.

97K
people

ARE ON THE KIDNEY
TRANSPLANT
WAITING LIST¹

3.5
years

IS THE AVERAGE
WAIT TIME
FOR A KIDNEY
DONOR MATCH³

19K people
received a
kidney in 2016¹

9K kidneys
were donated from
deceased donors
in 2016²

42K

50-64-YEAR-OLDS ARE WAITING FOR A
NEW KIDNEY AS OF MAY 2017¹

**DaVita patients are more likely to get a transplant
than the average U.S. dialysis patient⁴**

Know someone who would like to
donate a kidney? Visit the National
Kidney Registry to start the process.
